Creative Leader scaling brand stories through Motion, Performance Ads & AI Video

PROFESSIONAL SUMMARY

I don't just make videos — I build creative systems that scale brands and drive performance. Over 7+ years I've gone from animating motion graphics to leading design teams, managing 10,000+ video productions, and crafting ad creatives for global AdTech platforms and a Shark Tank-featured D2C brand. Rare combination of hands-on craft, operational scale, and strategic thinking — with active fluency in AI video tools integrated into live campaigns.
